Children While Improving City.

More than 15,000 school children of future in beautifying Washington as a whole through the interest they evince in their own home gardens this spring according to a statement made yesterday by one in charge of the work of directing the efforts of the youthful gardeners. It was explained that the work which last year resulted in the consumption of 170,000 packages of seeds by the youngsters, has attracted large numbers recruits this year. And every effort will be strained, it is said, to hold the interest of all at present engaged in the work of making the most of the great possibilities of Washington as a

rection of Miss Susan B. Sipe. This the People's Gardens Association of the District, of which Miss Sipe is secretary. This organization, working or the theory that much can be accomprepared two years ago when the proposition was approved by the citizons, but the mayor and common council was enjoined from proceeding with the work by the courts, and a new act was necessary.

During the current week Proposition were plished toward beautifying Washington by instilling a desire for this end in the rising generation, has lately concerned itself principally with promoting the current week Proposition. The methods, aims at plishments of the youthful gardeners were yesterday described by Miss Sipe to a reporter for The Star, and a series of unusual photographs illustrating the work is to be found in the plano gravure section of today's issue.

Direct Benefit to Children.

Beyond the purpose already mentioned of promoting a desire for a beautiful city, other aims of those in ing was held in Firemen's Hall. Brentwood, when State Controller Hugh A. McMullen spoke with Mr. Lewis. The organization in Prince Georges county is backing Lewis and also Jackson H. Ralston, candidate for the democratic nomination for Congress from the fifth district. Mr. Ralston's opponent in the primaries—is former Representative Frank O. Smith of Calvert county. spect for the property of others incucated, and that the children are ke off the streets while engaged in produc

off the streets with engages in productive and fascinating work.

It was about ten years ago, said Miss Sipe, that the work was started. One of the early ideas was to get the school grounds improved on the theory that the more pleasing the surroundings the better the children. Since the verage back yard may be laid out to the

Office Since 1891.

The teachers in charge of the work are always ready to help the youthful gardeners with their individual problems. Both boys and girls take part in the general work and rivalry is keen. The representative of The Star was shown the flower beds at the Wilson Normal School, each tended by a different grade of school-girls, and gay with the early spring flowers. Throughout the city the cultivation of flowers is largely carried on by girls, the boys being more interested in vegetables.

Hospitals Get Flowers.

Whatever is raised by a boy becomes his personal property—to be disposed of as he sees fit. The plots average from 100 to 120 square feet. Radishes, beans, lettuce, beets, carrots, tomatoes, turnips and a large variety of flowers are raised uccessfully and in considerable quanti-ies. The flowers are, for the most part nt to the hospitals.

Through the funds furnished by the

Through the funds furnished by the People's Gardens Association this work is able to continue. The money is expended for labor, fertilizer and small cash prizes offered to the children each year. No other funds are available. And those in charge, confident that the obvious benefits of the gardens will appeal to Washingtonians who have not hitherto had an opportunity to know of the work, urge that funds to enable its continuance and expansion be sent William Bacon, 302 F street, treasurer of the association Other officers are David B. In the Schools

This week pupils of both the grade and high schools are enjoying their spring vacation. Studies will be reimed Monday, May I.

Thursday, the closing day of school, was observed generally throughout the District as "Garden day," upon the recommendation of Supt. Thurston. Short talks upon various phases of gardening and the interests of outdoors were made by teachers of the doors were made by teachers of the supplemental than the sup Thursday, the closing day of school, grade classes, and there were brief visits to nearby parks to inspect the andscape gardening. At the Business High School a brief special program was followed, with talks by Principal Davis, members of the faculty and students of the institution.

Following the holidays pupils of the high schools will begin to put the finishing touches upon the parts which they are to play in the Shakespeare pageant which will be given in May. Each of the five high schools has certain scenes from various plays to "put on," and the whole will represent a unique presentation for the Washington high schools in concerted dramatic action.

May 18 has been chosen by the board of education as the day for the annual arade of cadets on the White Lot. The shooting on the Winthrop rifle range by members of the high school teams is progressing, and all con-cerned are delighted with the out-door
